

RCEM-Z-200

Ethernet connector with an internal waterproof structure, chrome-plated housing, and no RJ45 plug included by default

Features & Benefits

- ✓ New Ethernet Chassis, meeting waterproof rating IP66
- ✓ Supports cable outer diameter: 5–8 mm
- ✓ Features an internal and external waterproof structure—even if the cable is bent at extreme angle, water cannot enter the connector interior, ensuring more stable performance.

Technical Information

Product

Title	RCEM-Z-200
Connection type	Ethernet
Gender	Male

Mechanical

Insertion force	$\leq 80 \text{ N}$
Withdrawal force	$\leq 30 \text{ N}$
Lifetime	> 1000 mating cycles
Cable O.D.	5.0 – 8.0 mm
Locking device	Latch lock

Material

Shell	Zinc Alloy
Shell plating	Pearl chrome Plating
Chuck component	POM

Environmental

Protection class	IP66 when mating with Chassis
Temperature range	-30 °C to +80 °C
